

# M-CAM Programme

NAAIDT Conference

April 09

# M-CAM Programme

## \*Introduction

## \*Background – Welsh Cad/Cam strategy

- Partnership TAW - 4 centres
- No BSF & No Diploma - Welsh Baccalaureate
- Learning Pathways
- 30 options at L2 in Y10 and L3 in Y12
- Pilot C&G CAD course 06-08
- Rural challenge

# M-CAM Aims

- To support the introduction of a new City and Guilds course in Parametric CAD in schools.  
Levels 1,2&3
- To encourage the use of CAM in school projects – D&T, Engineering and Art/Design
- To encourage greater uptake of these aspects - supporting taster courses.
- To support teacher training on new technology – CAD Software/CAM equipment

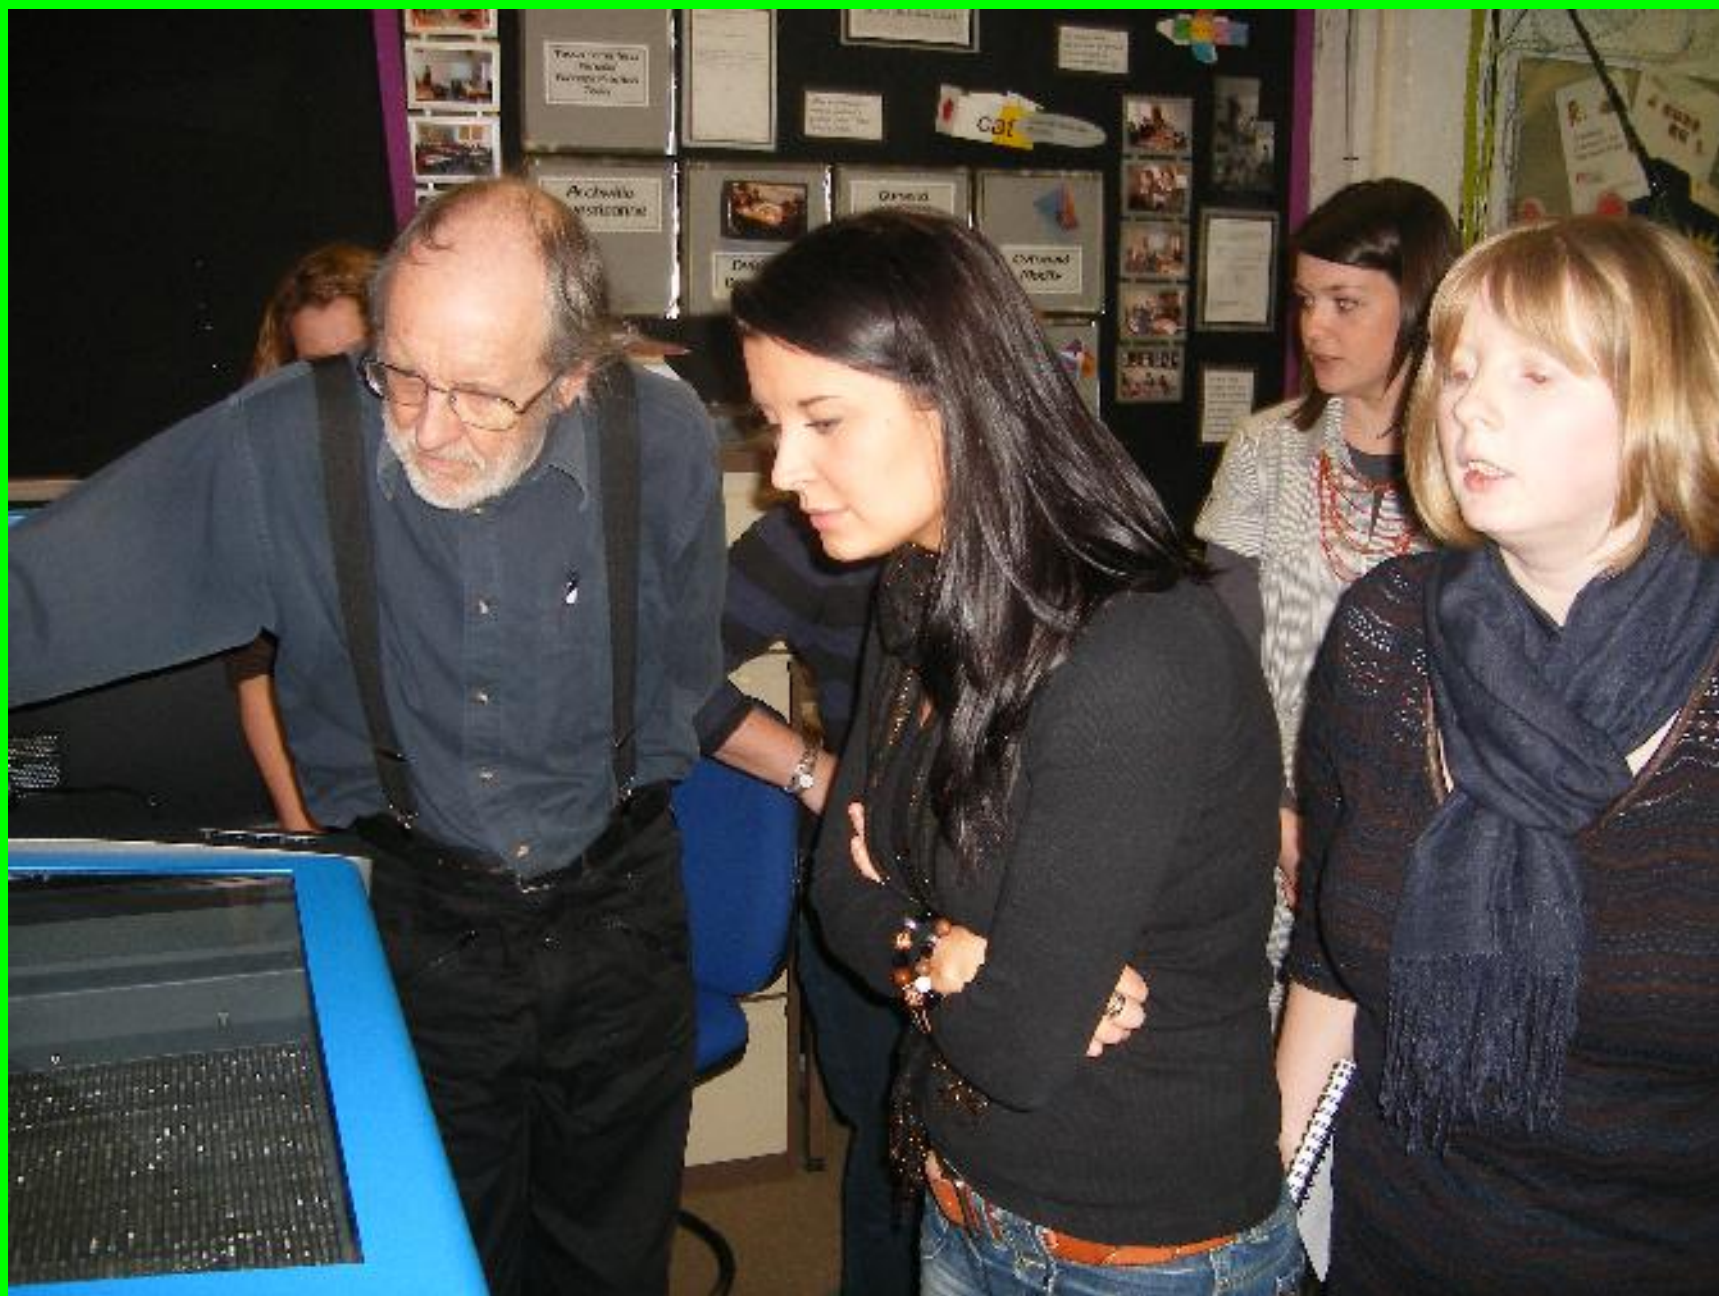

# Issues

- Funding
- Robust Technology
- Protocols for working with schools
- E- assessment/C&G registrations
- Voc expectations
- Assessment vocabulary

# What next?

- Accredited CAM course
- Supporting Principle learning modules
- Use of unit to promote new technology at KS2/3
