

STEM E&E Brokerage and STEM Ambassadors

Consider:

- How do we work more closely with the STEM Brokerage and STEM Ambassador contract holders to enrich and enhance D&T provision within schools?
- How do we encourage more teachers to acknowledge these resources STEM Directories and Ambassadors as a valuable resource to their D&T provision?
- What contribution should the NAAIDT make to the further development of both quality assurance and the evolution of the STEM Directories?
- What would you recommend the NAAIDT should focus on to:
 - Support our members
 - To engage and improve outcomes

A STEM Club in every school

Consider:

- How do we work with the D&T teachers within these clubs to improve the contribution of the subject to the STEM community?
- What contribution should the NAAIDT make to the further development of these pilot schools and future provision?
- What would you recommend the NAAIDT should focus on to:
 - Support our members
 - To engage and improve outcomes

The National STEM Centre

Consider:

- How does the NAAIDT engage more fully with the development of the National STEM Centre to ensure that D&T (Technology and Engineering) is fully represented?
- What should we be doing about linking NDTEC with the National STEM Centre?
- What would you recommend the NAAIDT should focus on to:
 - Support our members
 - To engage and improve outcomes
